SKILLS

React.js • Redux Toolkit • React Router • HTML5 • CSS3 • Tailwind CSS • Node.js • Express.js • REST APIs • JWT • RBAC • MongoDB • MySQL • AWS EC2 • Docker • Git • GitHub Actions • CI/CD • RAG • Gemini API • OpenAI API • AI Agents • OCR • Prompt Engineering • n8n • Workflow Automation • JavaScript • SQL • DSA • Design Patterns • System Design

EXPERIENCE

Full Stack Developer

Jun 2025 – Present

Innotrat Labs

- Developed workflow visualization and simulation modules for InnoIDE, a MERN-based low-code engineering platform, enabling engineers to design and validate automation workflows through an interactive React-based interface. Improved platform maintainability and user experience by building reusable React components, integrating REST APIs, and optimizing frontend architecture using Redux Toolkit.

Frontend Developer

Jul 2022 – Jun 2025

Neelan Oxysoft Pvt Ltd

- Developed and maintained React.js-based business applications by integrating REST APIs and MySQL-backed services to support customer-facing workflows and operational processes. Accelerated feature implementation and improved code maintainability by building reusable UI components and collaborating with Agile teams on production releases.

Web Development Training

Dec 2021 – May 2022

Livewire

- Transitioned into software development through intensive training in JavaScript, HTML5, CSS3, and Bootstrap, delivering 10+ responsive web projects to strengthen frontend engineering fundamentals.

Senior Accountant

Jan 2018 – Nov 2021

Sri Renuka Devi Silks

- Managed financial reporting, regulatory compliance, account reconciliation, and day-to-day business operations.

Family Caregiving Sabbatical

Dec 2016 – Dec 2017

family

- Provided full-time family caregiving support while pursuing self-learning in web technologies and software development fundamentals.

Production Trainee

May 2015 – Nov 2016

Sungwoo Hitech

- Supported production planning, quality assurance, process documentation, and manufacturing operations in an automotive component environment.

PROJECTS

AI-Powered EMI Calculator (RAG Enabled)	React.js, Node.js, MongoDB, Gemini AI
TaskFlow – AI-Powered Sprint Management SaaS	React.js, Node.js, MongoDB, OpenAI, Cashfree
AI Code Reviewer	React.js, Node.js, Google Gemini API
